

Warranty Warning

In order to ensure full system compatibility and reliable performance of all our equipment range, GFE makes known that we exclusively support the following equipment brands:

- **GFE ZEOS range of detectors and ancillary devices;**
- **Wizmart NB358 range of detectors and ancillary devices;**
- **Apollo Fire Detectors Ltd. range of detectors and ancillary devices.**

Each range has an exclusive protocol, therefore it isn't possible to connect different ranges to the same loop. It is also stressed that use of any other brand or make of devices connected with our range of addressable panels or devices, can lead to malfunction and will void our lifetime limited warranty policies.
