

GFE PRESS-RELEASE / *how far do you want to go?*

GLOBAL FIRE EQUIPMENT BEAM DETECTOR **XTRA**

The industry's favourite beam detector is now the world's longest reaching reflective beam, meaning less beams and less expense, not only in hardware but also in reduced installation costs. Add to this intelligent self-aligning motorisation and the ease of a ground level controller, the **BEAM DETECTOR XTRA** really is the go to beam if ease of use, proven reliability and cost reduction are required.

Why Xtra? We have taken everything good that makes the FIREBEAM DETECTOR the industry's favourite and designed in new unprecedented performance that will ultimately save time and money with proven reliability.

With full VDS approval to **EN 54-12:2015** the **BEAM DETECTOR XTRA** is available now.

Please contact [Sales](#) for more details.
